Customs Notice No. (2 /2010)

"Used Means of Transport Movement procedures Between GCC States"

Pursuant to the decision made by the Financial and Economic Cooperation Committee taken at its 77th meeting in respect to imprinting setoff stamp on used means of transport declaration.

The following have been decided:

Article (1)
Setoff stamp shall be imprinted on the statistical declaration for new and used means of transport when moving between GCC states under custom documentations.

Article (2)
A maximum period of two years from the date of customs duties payment at the first point of entry and during which a means of transport is granted a setoff stamp shall be determined.

Article (3)
In the event of a multi movement of a used means of transport between GCC states during setoff period without being
used in the member state to which it has been moved, setoff stamp shall be imprinted on the declaration when intended to be moved to a 3rd member state without waiting for collecting customs duties from the first point of entry through setoff processing.

**Article (4)**

Customs duties shall be transferred to the 3rd member state after they have been collected from the 1st member state.

This decision shall come into force as from 23/2/2010
