Customs Notice No. (9/2009)

Procedures to be followed prior to clearance of imported stolen cars

Director General of Dubai customs,

Pursuant to the Ministry of Interior letter No. 2/07/1937 concerning the “internationally stolen cars” and for the purposes of implementing the decisions issued thereof and facilitating their release procedures,

The following have been decided:

Article (1)

Customs declarations containing used cars shall be cleared only after ascertaining such cars are not contained in the stolen cars lists and publicized by the International Cooperation Department (Interpol).

Article (2)

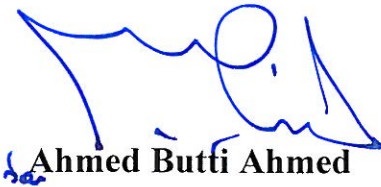

Customs Intelligence Department shall provide other departments with the information on cars intended to be verified in respect to any international restrictions thereupon, and retain the same in an electronic register. It may in collaboration with the International Cooperation department take all necessary actions in connection with cars status.

Article (3)

The imported cars, which proved to be stolen, shall be returned to their source at the expense of the respective importers.

Article (4)

This Notice shall come into force as from the date of issue and all respective administrations are to implement it each within the scope of its competence.
